**Subject** [EXTERNAL]: Updated Remedial Action Permit (RAP) Applications/Forms and Instructions available

[EXTERNAL]: Updated Remedial Action Permit (RAP) Applications/Forms and Instructions available

The New Jersey Department of Environmental Protection (NJDEP) has updated the Remedial Action Permit (RAP) applications/forms and instructions based on the updates made to the Soil RAP Guidance document. Significant changes/additions to the RAP applications/forms include the following:

- a revised soil contaminant data table with the new Soil Remediation Standard designations on the Soil RAP Initial and Modification Applications;
- a new question on the Soil Remediation Standards for the Migration to Ground Water exposure pathway on the Soil RAP Initial Application; and
- change of the "Primary Responsibility for Permit Compliance" language in Sections D and E of all RAP Applications/forms to "Primary Contact for Permit Compliance."

The applications/forms and instructions, along with the change logs, are available at: <https://www.nj.gov/dep/srp/srra/forms/>.

The revisions made to the applications/forms and instructions will be discussed at the June 7 Soil Remedial Action Permit Guidance document training ([https://www.nj.gov/dep/srp/srra/listserv\\_archives/2022/2022\\_0509\\_srra.html](https://www.nj.gov/dep/srp/srra/listserv_archives/2022/2022_0509_srra.html)).

---

The New Jersey Department of Environmental Protection is dedicated to protecting New Jersey's environment and public health. The agency prioritizes addressing climate change, protecting New Jersey's water, revitalizing its communities and managing and promoting its natural and historic resources.
