[EXTERNAL]: New Site Remediation Professional Licensing Board policy regarding "in person" Continuing Education

In order for licensed site remediation professionals (LSRPs) to more easily meet the continuing education requirements for license renewal, the Site Remediation Professional Licensing Board ("SRPL Board") is implementing a new policy on Continuing Education which will restrict the definition of "Alternative Verifiable Learning Format" ("AVLF") to only those programs that are offered in a format that does not permit real-time interaction with presenters. This will allow more programs to be considered "in-person," even if attendance is remote and synchronous.

The new policy is posted on the SRPL Board website at <https://www.nj.gov/lrspboard/board/boardstatements.html>.
