**Subject** [EXTERNAL]: Updated A-901 and CPCN Applicability for LSRPs and Certified Subsurface Evaluators Policy

[EXTERNAL]: Updated A-901 and CPCN Applicability for LSRPs and Certified Subsurface Evaluators Policy

In consideration of P.L. 2019, c. 397 (the Dirty Dirt law; enacted January 21, 2020), the New Jersey Department of Environmental Protection has posted an updated policy entitled, "A-901 and Certificate of Public Convenience and Necessity (CPCN) Applicability for Licensed Site Remediation Professionals and Certified Subsurface Evaluators" (dated August 11, 2022). This updated policy further clarifies the situations when Licensed Site Remediation Professionals and Certified Subsurface Evaluators do not need to have an A-901 license and or Certificate of Public Convenience and Necessity (CPCN) when overseeing remediation, as well as those situations when an A-901 license is required. The updated policy is available at:

[www.nj.gov/dep/srp/guidance/srra/lrsp\\_sse\\_a901\\_policy\\_statement.pdf](http://www.nj.gov/dep/srp/guidance/srra/lrsp_sse_a901_policy_statement.pdf).

Please note this policy replaces the April 22, 2021 and March 2, 2016 policies. To see the previously issued policies, visit:
