October 18, 2022 - [EXTERNAL]: Contaminated Site Remediation & Redevelopment Program's PFAS Interim Soil Standards Training

From: NJ Department of Environmental Protection NJDEP@public.govdelivery.com
To: NJDEP@public.govdelivery.com
Date & Time: 10/18/2022 10:38:00 AM
Subject [EXTERNAL]: Contaminated Site Remediation & Redevelopment Program's PFAS Interim Soil Standards Training

[EXTERNAL]: Contaminated Site Remediation & Redevelopment Program's PFAS Interim Soil Standards Training

The New Jersey Department of Environmental Protection's (NJDEP's) Contaminated Site Remediation & Redevelopment Program (CSRPP) will be providing detailed training on the release of interim remediation standards for soil and soil leachate for perfluorononanoic acid (PFNA), perfluorooctanoic acid (PFOA), perfluorooctane sulfonate (PFOS) and hexafluoropropylene oxide dimer acid and its ammonium salt (GenX) in accordance with the Remediation Standards at N.J.A.C. 7:26D-6.

The training will be held on Thursday, November 10, 2022 from 9:00 AM to 11:30 am **online only via GoToWebinar** (see registration details below). The training will cover the development of the standards as well as the use of calculators to generate AOC/site-specific standards for PFAS. The training will also include information regarding applicability, case creation, enforcement, and processing a case, as well as a questions and answers segment.

The interim remediation standards for soil and soil leachate were published in the October 17, 2022 New Jersey Register and are posted on CSRPP's Interim Remediation Standards Webpage. The effective date of the interim soil and soil leachate remediation standards for PFNA, PFOA, PFOS and GenX is October 17, 2022. All supporting information can be accessed through the Interim Remediation Standards website at https://nj.gov/dep/srp/guidance/rs/interim_soil_ia_rl_rs.html.

The presentation is being delivered via GoToWebinar. The maximum number of individual participants supported by GoToWebinar for this training is 500. Please do not wait to register if you are interested in attending. The capacity for this platform does not exceed 500 participants and, as such, additional slots cannot be made available.

Presenters:

Allan Motter, NJDEP, Bureau of Environmental Evaluation and Risk Assessment
Erica Snyder, NJDEP, Bureau of Environmental Evaluation and Risk Assessment
Jennifer Willemsen, NJDEP, Bureau of Environmental Evaluation and Risk Assessment
Greg Toffoli, NJDEP, Bureau of Environmental Evaluation and Risk Assessment
Rafael Rivera, NJDEP, Bureau of Case Assignment and Initial Notice

Moderators:

Celine Cumming, NJDEP, CSRPP Training Committee
Nicole Kalaigian, NJDEP, CSRPP Training Committee

To Register for the Webinar:

Registration is required. Register for the PFAS Interim Standards Training on November 10 at 9:00 AM here:

Registration URL

<https://attendee.gotowebinar.com/register/3539660408229196303>

Webinar ID
523-894-699

After registering, you will receive a confirmation email containing information about joining the webinar. **You will be able to join the webinar starting at 8:45 AM on November 10, 2022.**

Continuing Education Credits (CECs):

The NJDEP has applied to the Site Remediation Professional Licensing Board (SRPLB) for 0.5 Regulatory Credits and 2.0 Technical Credits for this course. Once the CECs are approved,

certificates will be made available via an email link to those participants who have requested to receive CECs and meet the requirements. Credits may be applicable to NJ PE licenses, PE licenses from other states, and PG licenses from other states; please verify the requirements that apply to your licenses.

The List of Board-Approved Continuing Education Programs is Available at:

www.nj.gov/lsrpboard/board/education/approved_continuing_education_courses_all_dates.pdf.

After the course, the Licensed Site Remediation Professional Association (LSRPA) will provide eligible attendees detailed instructions via email regarding how to obtain a CEC certificate.

Presentation Materials:

The slides and resulting audio will be posted on the DEP training web page

(www.nj.gov/dep/srp/srra/training/) after the presentation for future reference.

The New Jersey Department of Environmental Protection is dedicated to protecting New Jersey's environment and public health. The agency prioritizes addressing climate change, protecting New Jersey's water, revitalizing its communities and managing and promoting its natural and historic resources.
