May 9, 2022 - [EXTERNAL]: Site Remediation & Waste Management Program's Soil Remedial Action Permit Guidance Training

From: NJ Department of Environmental Protection NJDEP@public.govdelivery.com
To: NJDEP@public.govdelivery.com
Date & Time: 5/9/2022 3:14:00 PM
Subject [EXTERNAL]: Site Remediation & Waste Management Program's Soil Remedial Action Permit Guidance Training

[EXTERNAL]: Site Remediation & Waste Management Program's Soil Remedial Action Permit Guidance Training

The New Jersey Department of Environmental Protection's (NJDEP's) Site Remediation & Waste Management Program (SRWMP) will be providing detailed training on the Soil Remedial Action Permit (RAP) Guidance document. The training will be held on Tuesday, June 7 from 9:00 AM to 12:00 PM both **in-person and virtually** (see registration details below).

The Soil RAP Guidance Document is designed to assist the person responsible for conducting the remediation (PRCR) to determine when and who is required to obtain a Soil RAP and to assist in navigating the Soil RAP process. The training will offer a detailed discussion of the Soil RAP guidance, updates to the guidance, as well as case study examples and frequently asked questions.

The presentation is being delivered in-person and via GoToWebinar. The maximum number of individual participants supported by GoToWebinar for this training is 500. Please do not wait to register if you are interested in attending. As the capacity for this platform does not exceed 500 participants, additional slots cannot be made available. The maximum number of in-person attendees allowed in the Department's Public Hearing Room is 130, and additional slots cannot be made available.

Presenters:

Michael Gaudio, Chair, NJDEP Bureau of Remedial Action Permitting
Caryn Barnes, LSRP, Langan Engineering & Environmental Services, Inc.
Neil Rivers, LSRP, Langan Engineering & Environmental Services, Inc.
Mark Fisher, LSRP, The ELM Group, Inc.
Kathi Stetser, LSRP, GEI Consultants
Michael Infanger, NJDEP Bureau of Remedial Action Permitting
Rich Lake, LSRP, Geo-Technology Associates, Inc.
William Carp, NJDEP Bureau of Environmental Evaluation and Risk Assessment

Moderators:

Alissa Ambacher, Chair, SRWMP Training Committee
Nicole Kalaigian, SRWMP Training Committee

<https://attendee.gotowebinar.com/register/7740786582741395984>

Webinar ID
430-509-003

After registering, you will receive a confirmation email containing information about joining the webinar. **You will be able to join the webinar starting at 8:45 AM on June 7, 2022.**

Registration Link for In-Person Attendance (limited to 120 attendees) June 7, 2022 - NJDEP Soil RAP Training

Please only register for in-person attendance OR the virtual presentation; do not register for both.

Continuing Education Credits (CECs):

The NJDEP has applied to the Site Remediation Professional Licensing Board (SRPLB) for 2.0

Regulatory Credits and 0.5 Technical Credits for this course. Once the CECs are approved, certificates will be made available via an email link to those participants who have requested to receive CECs and meet the requirements. Credits may be applicable to NJ PE licenses, PE licenses from other states, and PG licenses from other states; please verify the requirements that apply to your licenses.

The List of Board-Approved Continuing Education Programs is Available at:

www.nj.gov/lspbboard/board/education/approved_continuing_education_courses_all_dates.pdf.

After the course, the Licensed Site Remediation Professional Association (LSRPA) will provide eligible attendees detailed instructions via email regarding how to obtain a CEC certificate.

Presentation Materials:

The slides and resulting audio will be posted on the DEP training web page

(www.nj.gov/dep/srp/srra/training/) after the presentation for future reference.

The New Jersey Department of Environmental Protection is dedicated to protecting New Jersey's environment and public health. The agency prioritizes addressing climate change, protecting New Jersey's water, revitalizing its communities and managing and promoting its natural and historic resources.
