Subject [EXTERNAL]: Updated Underground Storage Tank Facility Certification Questionnaire Form and Instructions available

[EXTERNAL]: Updated Underground Storage Tank Facility Certification Questionnaire Form and Instructions available

The New Jersey Department of Environmental Protection (NJDEP) has updated the Underground Storage Tank Facility Certification Questionnaire (Questionnaire). Significant revisions are listed below. Please see the change log for details.

- Included new options for tank contents, including BioDiesel & Medium Diesel
- Added triple walled tank/piping as an option
- Added 4 types of overfill protection
- Created a new question regarding piping installation date
- Created a new question regarding whether the tanks are dual purpose
- Added requirement to include Attachment B to record compartmentalized tanks.

The Questionnaire, instructions, and change log are available at:
<https://dep.nj.gov/srp/forms/ust/>.

The New Jersey Department of Environmental Protection is dedicated to protecting New Jersey's environment and public health. The agency prioritizes addressing climate change, protecting New Jersey's water, revitalizing its communities and managing and promoting its natural and historic resources.
