

## Contaminated Site Remediation & Redevelopment

**From** NJ Department of Environmental Protection  
**To** NJDEP@public.govdelivery.com  
**Date & Time** 6/18/2024 11:11 AM  
**Subject** Updated Soil Remedial Action Permit Guidance Document (Version 1.1) available

Contaminated Site Remediation & Redevelopment (CSRR) is pleased to announce that the Soil Remedial Action Permit (RAP) Guidance Document has been updated to include information on fences.

Based on discussions with the RAP stakeholder group, the Soil RAP Guidance Document has been updated to provide recommended language for fence signs (post-remedial action) that are necessary when a fence is being used as an engineering control for the Soil RAP/Deed Notice to restrict public access to the site.

The guidance document is available on the NJDEP's website at [NJDEP| Contaminated Site Remediation & Redevelopment Program | Guidance](#).
