

Contaminated Site Remediation & Redevelopment

From NJ Department of Environmental Protection
To NJDEP@public.govdelivery.com
Date & Time 8/30/2024 12:59 PM
Subject September 17 FSPM Ch. 3 and Attainment of Remediation Standards and Site-Specific Criteria Training

Contaminated Site Remediation & Redevelopment (CSRR) will be providing detailed training on Chapter 3 of the Field Sampling Procedures Manual (FSPM, 2024 Edition) and the Technical Guidance for the Attainment of Remediation Standards and Site-Specific Criteria, Version 3.0.

The information in the [FSPM](#) provides Licensed Site Remediation Professionals (LSRPs) and environmental professionals with tools to promote consistency and accuracy when environmental samples are collected. Chapter 3; Contaminants of Emerging Concern, was a new chapter added to address the constant changes in these emerging contaminants. This training session will cover the topics in [Chapter 3: Contaminants of Emerging Concern, 2024 Edition](#), and the new [PFAS Sampling Fact Sheet](#).

The [Technical Guidance for the Attainment of Remediation Standards and Site-Specific Criteria](#) has been updated from Version 2.0 to 3.0. This guidance was developed to aid the investigator with demonstrating compliance with the applicable remediation standards when conducting a remedial action pursuant to N.J.A.C. 7:26E. This training will highlight the revisions that were made.

The virtual training will be held on Tuesday, September 17, 2024, from 9 a.m. to 12:30 p.m. **via GoToWebinar** (see registration details below). **The end time of the training may be extended for additional content which is still being developed.**

The maximum number of individual participants supported by GoToWebinar for this training is 1,000. Please do not wait to register if you are interested in attending as additional slots cannot be added. If you register and cannot attend, please contact the CSRR Training Committee (srwmttraining@dep.nj.gov) as soon as possible to cancel your registration.

Presenters

FSPM Ch. 3:

Crystal Pirozek, FSPM Committee Chair, DEP, Bureau of Remedial Action Permitting
Kari Brookhouse, LSRP, BSI America Professional Services Inc.
Eileen Snyder, Pace Analytical Services
John Bracken, LSRP, Verdantas LLC
Dr. Jennifer Willemsen, DEP, Bureau of Environmental Evaluation and Risk Assessment

Attainment Guidance:

Greg Neumann, DEP, Bureau of Environmental Evaluation and Risk Assessment
Branimir (Branko) Trifunovic, DEP, Bureau of Environmental Evaluation and Risk Assessment
Alex Iannone, DEP, Bureau of Environmental Evaluation and Risk Assessment
Theodoros "Ted" Toskos, Jacobs
Steve Posten, WSP USA Environment & Infrastructure Inc.
Adam Hackenberg, Langan Engineering & Environmental Services

Moderators:

Jessica Palilonis, CSRR Training Committee
Gillian Schwert, CSRR Training Committee

To Register for the Webinar:

Please register for the September 17 FSPM Ch. 3 and Attainment of Remediation Standards and Site-Specific Criteria Training at:

Registration URL

<https://attendee.gotowebinar.com/register/4633930678822345816>

Webinar ID

973-490-603

After registering, you will receive a confirmation email containing information about joining the webinar. **You will be able to join the webinar starting at 8:45 a.m. on September 17, 2024.**

Continuing Education Credits (CECs):

Due to the ongoing development of this training, the NJDEP **will apply** to the Site Remediation Professional Licensing Board (SRPLB) for a minimum of three (3) Technical Credits for this course **once the training is completed**. Once the CECs are approved, certificates will be made available via an email link to those participants who have requested to receive CECs and meet the requirements. Credits may be applicable to New Jersey Professional Engineer (PE) licenses, PE licenses from other states, and Professional Geologist licenses from other states; please verify the requirements that apply to your licenses.

The List of Board-Approved Continuing Education Programs is Available at:

<https://www.nj.gov/lspb/continuing-education/>

After the course, the Licensed Site Remediation Professional Association (LSRPA) will provide eligible attendees detailed instructions via email regarding how to obtain a CEC certificate.

Presentation Materials:

The slides and resulting audio will be posted at the beginning of the presentation and on the DEP training web page (<https://dep.nj.gov/srp/training/>) after the presentation for future reference. It will also be posted to the FSPM website for future reference (<https://dep.nj.gov/srp/guidance/fspm/>).

The New Jersey Department of Environmental Protection is dedicated to protecting New Jersey's environment and public health. The agency prioritizes addressing climate change, protecting New Jersey's water, revitalizing its communities and managing and promoting its natural and historic resources.
