Reporting Guide for Mobile Cargo Handling Equipment at Ports & Rail Yards

Reporting Guide for Mobile Cargo Handling Equipment at Ports and Rail Yards (6/11/2024)

N.J.A.C. 7:27-34

This document is provided to assist parties in completing an initial report pursuant to the reporting requirements at N.J.A.C. 7:27-34.14(b). Reports are to be completed using the CHE Initial Reporting.xls form that can be found at www.stopthesoot.org. Completed and validated reports are to be submitted via the DEP Online Services Portal instructions for which are provided below. Questions should be emailed to stopthesoot@dep.nj.gov. Please mention CHE or Cargo Handling in the subject line.

Users should first become familiar with the program rules at N.J.A.C. 7:27-34 - [Mobile Cargo Handling Equipment at Ports and Rail Yards](https://dep.nj.gov/wp-content/uploads/aqm/sub34.pdf) (accessible here: <https://dep.nj.gov/wp-content/uploads/aqm/sub34.pdf>) before completing and submitting the form. This is to ensure that your submittal complies with the full regulation and satisfies all reporting requirements. The rules shall prevail over any discrepancies.

General Instructions – Users should download the CHE Initial Reporting.xls form and save it to their computer. Please include the facility name or an appropriate and recognizable abbreviation in the file name when saving it. Some users' systems may disable the integrated macros and you will have to access the saved file's properties to enable them. Complete the form for all cargo handling equipment then run "Validate Data" found at the top of the Equipment tab. Once you have successfully completed these steps, save the file and then you may transmit it to the Department.

Details –

- [Read the full Instructions tab.](#)
- [Existing Inventories](#) - If you have an electronic inventory for your equipment fleet you may copy and paste available information into the form. If copying blocks of information, please remember that it is your responsibility to ensure that all fields are correctly matched to the respective equipment. A detailed discussion about copying and pasting data can be found later in this document under the heading "[Copying Data from Your Own Inventory](#)"
- [Data Validation](#) - You must use the Validate Data feature in the first row of the Equipment Tab before uploading the form through the Department's Remote Service Portal. This feature checks for errors such as incomplete VINs or data inconsistent with On Road or Off-Road designations. We recommend running this feature after completing each row or a few rows at a time. It is much easier to identify and solve any errors in small segments.

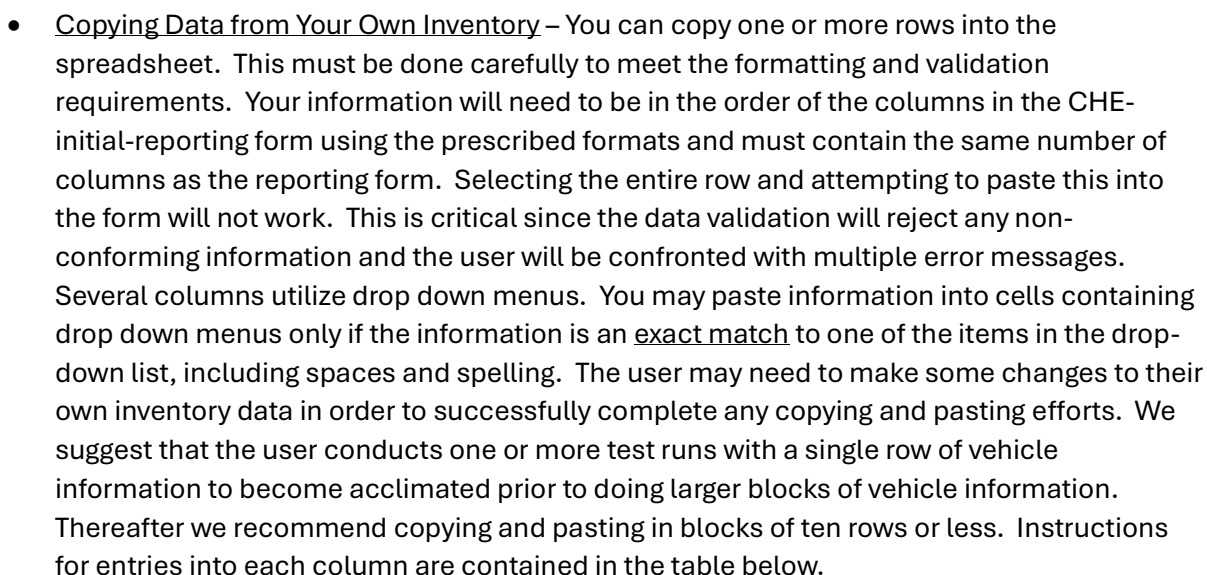

Reporting Guide for Mobile Cargo Handling Equipment at Ports & Rail Yards

- **Main and Auxiliary Engines** - Columns R through Z for Main Engine and AA through AI for Auxiliary Engine require the same type of information and offer separate inputs to provide engine specific data when a piece of equipment has multiple engines. The Auxiliary Engine information only needs to be entered in this case, otherwise those fields should be left blank.
- **Engine Family Name** – The Engine Family Name is a key piece of information for understanding an engine's emission levels, controls and options for any retrofit technologies. Below are examples of emission control information labels. The label can be found in the engine compartment, typically on an upper surface of the engine. They are more difficult to find on older engines since locations were not standardized. Labels may also be covered in residue, worn or removed. Where the engine family name cannot be found on the equipment, the facility must research the information and provide it on the form.

Reporting Guide for Mobile Cargo Handling Equipment at Ports & Rail Yards

Field Specific Instructions

Column	Column Heading	Instructions	Notes for Copy/Paste
A	Facility Name	Enter the facility name	Free text
B	Vehicle/Equipment Type	Select the type of cargo handling equipment from the dropdown list. Refer to rule definitions 34.3	Copied entries must exactly match items in the dropdown list.
C	Facility Equipment Name	Owner assigned unique designation for the vehicle/equipment, visibly displayed for identification.	Free text
D	On/ Off Road	Select from the dropdown list.	Copied entries must exactly match items in the dropdown list.
E	VIN – On Road	Vehicle Identification Number – 17 characters VIN found on all On Road vehicles.	Must have 17 characters. Leave blank if column D is Off Road
F	License Plate	Registration number on the license plate issued by the NJ Motor Vehicle Commission. Required for On Roads	Free text
G	Serial Number – Off Road	Chassis serial number designated by the equipment manufacturer. Off Road equipment only.	Free text Leave blank if column D is On Road
H	Make	Enter the vehicle/equipment manufacturer	Free text
I	Model	Enter the vehicle/equipment model	Free text
J	Year	Manufacturer designated equipment model year.	Copied entries must exactly match items in the dropdown list.
K	Hours of Use – Off Road	Number of hours the equipment was used in calendar year 2023	Number format. Maximum value is 8,760 Leave blank if column D is On Road
L	Mileage – On Road	Enter the odometer reading at the end of CY2023	Number format Leave blank if column D is Off Road
M	Fuel Usage	Select the type of fuel from the dropdown list	Copied entries must exactly match items in the dropdown list.
N	Fuel Usage Quantity Type	Select the units used to measure the fuel quantity	Copied entries must exactly match items in the dropdown list.
O	Fuel Usage - Amount	Enter the annual fuel use quantity	Number format

Column	Column Heading	Instructions	Notes for Copy/Paste
P	How Many Months Was It Used	Select from the dropdown list the number of months per year that the vehicle/equipment is used.	Copied entries must exactly match items in the dropdown list.
Q	Are You Applying For Alternate Compliance?	Select Yes or No from the dropdown list. Refer to rule section 34.10, 34.10A and 34.10B	Copied entries must exactly match items in the dropdown list.
R, AA	Engine Make	Enter the manufacturer of the engine	Copied entries must exactly match items in the dropdown list.
S, AB	Engine Model	Enter the engine model designated by the manufacturer	Free text
T, AC	Engine Year	Enter the engine model year designated by the manufacturer. This can be found on the emissions control information label.	Copied entries must exactly match items in the dropdown list.
U, AD	Engine Size	Enter the engine size in rated horsepower. If the manufacturer's rating is in kilowatt hours, then you must convert it to horsepower.	Number format
V, AE	Engine Tier – Off Road	Select the emissions control tier level from the dropdown list to which the engine conforms. This information can be found on the emissions control information label. <ul style="list-style-type: none">• Select Tier 0 for pre-certification era Off-road engines. Certifications began model year 1996 for 175-749 hp, 1997 for 100-174 hp, 1998 for 50-99 hp, 1999 for 25-49 hp, and 2000 for less than 25 hp and over 750 hp.• Select Tier 4 for “Tier 4i” or “Tier 4 Interim”• Select Tier 4f for Tier 4 final engines	Copied entries must exactly match items in the dropdown list. Leave blank if column D is On Road
W, AF	Engine Family	Enter the engine family name found on the emissions control information label. If the label is not present, then you must research to find the information. Enter NA for pre-certification engines.	Free text

Reporting Guide for Mobile Cargo Handling Equipment at Ports & Rail Yards

Column	Column Heading	Instructions	Notes for Copy/Paste
X, AG	No Plate or Label Present on Engine	Check the box if the emission control information label is missing. You still need to provide the engine family name.	Copying a cell with an "x" will select the check box. If this doesn't work, then you can leave a blank cell in your copied row then you will have to select it manually.
Y, AH	Hours of Use – Off Road	For Off Road engines enter the annual hours of use for CY 2023.	Number format. Maximum value is 8,760 Leave blank if column D is On Road
Z, AI	Engine Mileage – On Road	For On Road engines enter the annual mileage	Number format Leave blank if column D is Off Road
AJ	Comments	Provide any additional details that you think may be useful to the reviewer.	Free text

DEP Online Services Portal Instructions

The screenshot shows the NJDEP Online Business Portal. The header includes the Department of Environmental Protection logo and the title "NJDEP Online Business Portal".

Two red boxes with arrows point to specific sections of the portal:

- Top Box:** "Click here if you already have an account with DEP Online Services." This box points to the "Already a Registered User?" section, which contains a "Login to NJDEP Online" button. Below the button, it states: "Some NJDEP Online services have associated fees. A Visa, MasterCard, Discover, American Express credit card, or a valid checking account is required for online payment of the required fees." There are also logos for Visa, MasterCard, Discover, American Express, and ACheck, and a link for "Forgot your password?".
- Bottom Box:** "Click here to create a new account." This box points to the "New User?" section, which contains a "Request Access to NJDEP Online" button. Below the button, it says: "Please read the following carefully before continuing: [Registration Instructions](#)." and "Frequently Asked Questions". At the bottom, it notes: "For use with Mozilla Firefox 34 or later or Google Chrome 39 or later."

Other visible text on the page includes "The NJDEP Online system requires you to have a myNewJersey account. If you do not have one, you will be able to create one during the registration process." and "NJDEP Online offers 2 different types of accounts: one for businesses and one for individuals." Under "Business Account", it lists services like "Pay a Paper Invoice", "Documents and Forms", "Pay for a License", "Pesticide Product Registration", "Saltwater Angler Registration", "Request a Waiver", "Vehicle Registration Add-on/Modification", and "Vehicle Registration Renewal". Under "Individual Account", it lists "Pay a Paper Invoice", "Documents and Forms", "Pay for a License", "Pesticide Product Registration", "Saltwater Angler Registration", "Request a Waiver", "Vehicle Registration Add-on/Modification", and "Vehicle Registration Renewal".
