

Dear Stakeholder,

In continuation of the follow-up to the Department of Environmental Protection's request for ideas on potential amendments to the Stormwater Management Program (sent on September 5, 2018), the Department will conduct the third stakeholder meeting to discuss the ideas that we have received.

You (or a designee) are cordially invited to attend this meeting. It will be held on February 27th from 1:00 pm – 4:00 pm at the United States Geological Survey New Jersey Water Science Center, located at 3450 Princeton Pike, Suite 110 Lawrenceville, New Jersey 08648.

Please RSVP to [Gabriel.Mahon@dep.nj.gov](mailto:Gabriel.Mahon@dep.nj.gov) if you plan to attend.

As with the first two meetings, we will email the final agenda to the registered attendees prior to the meeting. If you submitted ideas, you may be contacted by Department staff and asked to speak about your submitted idea at the stakeholder meeting.

This invitation has been extended to a large group of stakeholders. In order to ensure sufficient seating for all attendees, please submit a list of all attendees from your organization with your RSVP. If the number of attendees exceeds the capacity of the room, organizations with large numbers of attendees may be asked to reduce their number of attendees.

Thank you!

Gabriel Mahon, Chief  
Bureau of Nonpoint Pollution Control  
Division of Water Quality  
(609) 633-7021
