Lt. Governor

SHAWN M. LATOURETTE

Acting Commissioner

May 27, 2021

On September 24, 2014, the New Jersey Department of Environmental Protection received a Capitalization Grant to address the impacts of Superstorm Sandy. This Grant, with a remaining unobligated balance of \$13,160,751 is expiring on June 30, 2021. To avoid the loss of these funds, the Department is issuing this notice indicating that a budget modification will be implemented to utilize these Drinking Water State Revolving Sandy Funds in lieu of Drinking Water Base State Revolving Funds for the Department's loan share of the following resiliency projects:

Project # 1345001-021 - New Jersey American Water Company – Swimming River Water Treatment Plant Improvements, 2nd Clearwell and Emergency Generator Installation

Project # 2004002-013 - New Jersey American Water Company – Raritan-Millstone Water Treatment Plant Emergency Generator Installation

It is important to note that this change is being made for accounting and budgeting modifications, only loan funds will be utilized, and all other financing terms and conditions will remain the same.

Should you have any questions or concerns regarding this notice, please email watersupply@dep.nj.gov by June 10, 2021.
