FLOOD HAZARD AREA APPLICATION CHECKLIST

**General Permit 6— Construction of one single-family home or duplex, and
one associated driveway that does not cross a regulated water,
in a fluvial flood hazard area**

CALL NJDEP AT (609) 777-0454 IF YOU HAVE ANY QUESTIONS

All applications for authorization under general permit 6 must be submitted electronically through the submission system at <https://njdeponline.com>. Follow the registration process and create an account. To apply, select the service "Apply for a Land Use Permit or Authorization."

For more information on submitting an electronic application, visit <https://dep.nj.gov/wlm/eservices/lrp-eservices/#lup>.

CALL NJDEP AT (609) 777-0454 IF YOU HAVE ANY QUESTIONS

1. A completed [Property Owner Certification form](#)

- Acceptable file formats include pdf, jpg, and png.

2. Public notice:

A completed [Public Notice form](#). All documentation necessary to demonstrate that notice of the application has been provided in accordance with N.J.A.C. 7:13-19 must be attached to the form (see below for details).

- Acceptable file formats include pdf, jpg, and png.

Documentation of public notice is required as follows:

i. Notice to municipal clerk (N.J.A.C. 7:13-19.3(a))

A copy of the entire application, as submitted to the Department, must be provided to the municipal clerk in each municipality in which the site is located. The application consists of a description of the project, the specific permit(s)/authorization(s) being sought, and all items that will be uploaded to the online service, including all required items on this checklist.

- Documentation of compliance with this requirement shall consist of a copy of the certified United States Postal Service white mailing receipt, or other written receipt, for each copy of the application sent.

ii. Notice to governmental entities and property owners (N.J.A.C. 7:13-19.3(b) and (c))

A brief description of the proposed project, a legible copy of the site plan, and the form notice letter described at N.J.A.C. 7:13-19.3(d)1iii must be sent to the following recipients:

- A. The construction official of each municipality in which the site is located;
- B. The environmental commission, or other government agency with similar responsibilities, of each municipality in which the site is located;
- C. The planning board of each municipality in which the site is located;

- D. The planning board of each county in which the site is located;
- E. The local Soil Conservation District if the regulated activity or project will disturb 5,000 square feet or more of land; and
- F. Adjacent property owners:
Unless the project is one listed at N.J.A.C. 7:13-19.3(c)1-6 (which require different notice to property owners as described in the rules), notice shall be sent to all owners of real property, including easements, located within 200 feet of the site of the proposed regulated activity.

The owners of real property, including easements, shall be those on a list that was certified by the municipality, with a date of certification no more than one year prior to the date the application is submitted.

- Documentation of compliance with this requirement shall consist of:
 1. A copy of the certified United States Postal Service white mailing receipt for each public notice that was mailed, or other written receipt;
 2. A certified list of all owners of real property, including easements, located within 200 feet of the property boundary of the site (including name, mailing address, lot, and block) prepared by the municipality for each municipality in which the project is located. The date of certification of the list shall be no earlier than one year prior to the date the application is submitted to the Department; and
 3. A copy of the form notice letter.
- The form notice letter required under N.J.A.C. 7:13-19.3(d)1iii shall read as follows:

"This letter is to provide you with legal notification that an application for an authorization under flood hazard area general permit 6 <<has been/will be>> submitted to the New Jersey Department of Environmental Protection, Division of Land Resource Protection for the development shown on the enclosed plan(s). A brief description of the proposed project follows: <<INSERT DESCRIPTION OF THE PROPOSED PROJECT>>

The complete permit application package can be reviewed at either the municipal clerk's office in the municipality in which the site subject to the application is located, or by appointment at the Department's Trenton Office. The Department of Environmental Protection welcomes comments and any information that you may provide concerning the proposed development and site. Please submit your written comments within 15 calendar days of receiving this letter:

*New Jersey Department of Environmental Protection
Division of Land Resource Protection
P.O. Box 420, Code 501-02A
Trenton, New Jersey 08625
Attn: (Municipality in which the property is located) Supervisor"*

iii. Notice for projects located in the Pinelands Area

For a project in the Pinelands Area as designated under the Pinelands Protection Act at N.J.S.A. 13:18A-11.a, documentation showing that a copy of the application form has been provided to the New Jersey Pinelands Commission. The "application form" will consist of a description of the project, including the lot, block, municipality, and county, and the specific permit(s)/authorization(s) being sought.

3. Application fees:

The appropriate application fee, as specified in N.J.A.C. 7:13-20.1, payable through the online service via credit card or e-check, or to receive a bill, select "Bill Me" on the payment screen. Bills will be sent to the Fee Billing Contact identified in the service and must be paid directly to the Department of Treasury.

4. Site plans:

All site plans must include the scale of the site plans, a north arrow, the name of the person who prepared the plans, date the site plans were prepared, and the applicant's name and the block, lot, and municipality in which the site is located. In addition, the site plans shall include the following information, both on and adjacent to the site, in accordance with N.J.A.C. 7:13-18.4(a)4:

i. Existing features:

- A. Lot lines and right-of-way lines;
- B. Buildings and structures;
- C. Land cover and vegetation; and
- D. Regulated waters.

ii. Proposed regulated activities:

- A. Changes in lot lines;
- B. Size, location, elevation, and details of proposed buildings and/or structures;
- C. Location and area of any riparian zone vegetation that will be disturbed;
- D. Location and depth of any fill;
- E. Clear indication of the lowest floor elevation (must be at least one foot above the flood hazard area design flood elevation, in accordance with N.J.A.C. 7:13-9.6(a)4;
- F. Details of any new enclosures below the lowest floor of the building sufficient to determine if the enclosure will be constructed in accordance with N.J.A.C. 7:13-9.6(a)5;
- G. Locations of tops of banks/edge of water and size and location of any lawfully existing bulkhead, retaining wall, or revetment along a tidal water or impounded fluvial water;
- H. Proposed area of riparian zone vegetation to be cleared, cut, and/or removed (not to exceed 7,000 square feet in accordance with N.J.A.C. 7:13-9.6(a)7); and
- I. Size, location, elevation, and details of any proposed driveway.

iii. Topography:

- A. Existing and proposed topography. All topography must reference NGVD or include the appropriate conversion factor to NGVD.

iv. Soil erosion and sediment control:

- A. Details of any proposed soil erosion and sediment control measures.

v. Riparian zone:

- A. The location of any riparian zone onsite (see N.J.A.C. 7:13-4.1);

vi. Metes and bounds description:

- A. A metes and bounds description of any existing and proposed flood hazard area and floodway limits onsite; and
- B. Identification of the method in N.J.A.C. 7:13-3 that was used to determine these limits.

vii. Flood hazard area/floodway information:

- A. If the entire site lies within a flood hazard area and/or floodway, the site plans shall indicate this; and
- B. The elevation(s) of the flood hazard area design flood throughout the site.

viii. Details of construction proposed in a regulated water:

- A. Construction in a regulated water is not permitted under this general permit.

- Acceptable file formats include pdf and zip. Site plans must be certified in accordance with N.J.A.C. 7:13-18.2(j) and prepared according to the Department's [site plan specifications](#) for electronic site plans. All plans must be digitally signed and sealed by a New Jersey licensed professional engineer,

surveyor, or architect, as appropriate, pursuant to N.J.A.C. 13:40-7.2 through 7.4, with signatures and seals that meet the requirements of N.J.A.C. 13:40-8.1A. Site plans with electronic signatures, such as scans of site plans with a handwritten signature, will not be accepted.

NOTE: In accordance with N.J.A.C. 7:13-18.2(h) et seq., an applicant may elect to prepare his or her own plan if both of the following are true: (1) the applicant proposes the construction of a single-family home or duplex or an accessory structure, such as a patio, garage, or shed on his or her own property for his or her own use and (2) the proposed regulated activity or project is one for which no survey, topography, or calculations are necessary to demonstrate the requirements of N.J.A.C. 7:13 are met.

5. Photographs:

- i. Color photographs depicting the existing and proposed location of the building; and
 - ii. A photo location map showing the location and direction from which each photograph was taken.
- Acceptable file formats include pdf, doc, docx, jpg, zip, ppt, and pptx.

6. A compliance statement that includes the following:

- i. A written narrative explaining how each requirement of general permit 6 at N.J.A.C. 7:13-9.6 will be met by the proposed project;
 - ii. A list of all limits and requirements at N.J.A.C. 7:13-6.7, Conditions applicable to a permit-by-rule or to an authorization pursuant to a general permit-by-certification or a general permit, that apply to the proposed project and an explanation of how the project complies with each requirement, including:
 - A. A written narrative of avoidance and/or minimization of impacts to threatened or endangered wildlife or plant species habitat in and near the project area, as applicable; and
 - iii. A description of the site characteristics and the location of the proposed project, potential impacts from the construction process, and, as applicable, any monitoring or reporting methods that will be used.
- The required compliance statement should be uploaded under the attachment type "Environmental Report with Site Location Maps." Acceptable file formats include pdf, doc, docx, rtf, and zip.

7. Color copies of the following maps:

- i. The tax map for the property;
 - ii. A copy of the portion of the county road map showing the property location; and
 - iii. A copy of the USGS quad map(s) that includes the site, with the site clearly outlined to scale.
- The required maps should be uploaded with the compliance statement under the attachment type "Environmental Report with Site Location Maps." Acceptable file formats include pdf, doc, docx, rtf, and zip.

8. Stormwater Management Analysis:

If the project is a major development as defined by N.J.A.C. 7:8-1.2, a demonstration of compliance with the requirements of the Stormwater Management Rules, N.J.A.C. 7:8, is required. Please see the [Stormwater Management flow chart](#) to determine which version of the Stormwater Management rules applies to the application.

- All calculations or analyses submitted as part of an application must include the certification set forth at N.J.A.C. 7:13-18.2(j). Acceptable file formats include pdf, doc, docx, rtf, and zip unless stormwater calculations are necessary. Stormwater drawings and calculations must be digitally signed and sealed by a New Jersey licensed professional engineer in accordance with N.J.A.C. 13:40-8.1A. Stormwater

drawings and calculations with electronic signatures, such as scans of calculations with a handwritten signature, will not be accepted. Therefore, when calculations are necessary, the acceptable file formats are limited to pdf and zip.

9. A verification:

If a verification has not yet been obtained, an application for a verification may be submitted with this general permit application through the online service. If a verification has been obtained, include documentation with the compliance statement under the attachment type "Environmental Report with Site Location Maps."

10. Natural Heritage Program Letter:

A copy of an NJDEP, Office of Natural Lands Management Natural Heritage Database data request response for endangered or threatened species of flora or fauna, including a Landscape Map report, if available

- Acceptable file formats include pdf, jpg, and png.

11. Additional requirements:

- i. Highlands applicability determination (highlands exemption) – applies only if the project is located within the Highlands Preservation Area
 - Acceptable file formats include pdf, jpg, and png.
- ii. Conservation restriction – applies only if the proposed project is subject to an existing conservation restriction
 - Acceptable file formats include pdf, jpg, and png.
