Correction to Notice of Adopted Amendment to the Lower Delaware Water Quality Management Plan

Take notice that on October 1, 2020, pursuant to the provisions of the New Jersey Water Quality Planning Act, N.J.S.A. 58:11-1 et seq., and the Water Quality Management Planning rules, N.J.A.C. 7:15, the New Jersey Department of Environmental Protection (Department) adopted an amendment to the Lower Delaware Water Quality Management (WQM) Plan. The amendment, identified as Galetto SSA (Program Interest No. 435441, Activity No. AMD190002), expanded the sewer service area (SSA) of the Landis Sewerage Authority by 13 acres on Block 302, Lot 2, Vineland City, Cumberland County.

A notice of the adoption of this amendment was published in the New Jersey Register on November 2, 2020, at 52 N.J.R. 2013(d). Upon publication of the adoption notice, it was recognized there was a typographical error regarding the parcel information. Due to this error, the parcel information listed in the adoption notice as published on November 2, 2020, was incorrectly stated as Block 41, Lot 34. The correct parcel information is Block 302, Lot 2. The Department is publishing this notice to correct the typographical error in the adoption notice.

Date   Gabriel Mahon, Bureau Chief
