OFFICE OF LAND AND WATER PLANNING

REVISION TO THE UPPER RARITAN WATER QUALITY MANAGEMENT PLAN

TAKE NOTICE that on **APR 03 1994**, pursuant to the provisions of the Water Quality Planning Act, N.J.S.A. 58:11A-1 et seq., and the Statewide Water Quality Management Planning rules, N.J.A.C. 7:15-3.5, a revision to the Upper Raritan Water Quality Management Plan was adopted by the Department. This revision corrects Plates 5 and 6 of the Mount Arlington Borough Wastewater Management Plan (WMP) to include the existing office building at 111 Howard Boulevard, Block 61.02, Lot 1, in Mount Arlington Borough within the sewer service area of the Arlington Hills Sewerage Company sewage treatment plant (STP). This building was included in the original calculations of square feet of commercial development to be served by this STP; however, the mapping had incorrectly excluded this property.
